### Information only

Matt W - The QLD 125+250+400 Champs will only be run at Warwick and Townsville. Motorcycling QLD decided not to give a round to Mareeba this year, but plan to give it to us next year. IE alternate years in Townsville or Mareeba. Matt disappointed with the outcome and has relayed concerns to MQ. The Warwick round of these champs is likely to be in Oct.

This leaves a gap in the Callander with the meeting on 26 July Cancelled. Probably will have a race day on July 19<sup>th</sup> rather than the 26<sup>th</sup> July. The date of the interclub is also likely to be changed.

Tim A – a new class of Buckets is to start soon in Townsville. Moto Lites. These are Buckets with no restrictions on frame, suspension, wheels. There are limitations on engine sizes depending on number of valves, cylinders and whether two or four stroke. No slicks allowed. They will run with the normal buckets but will have points scored separately. This will be something for the Mareeba Bucket riders to consider.

Anne available for scoring at the March race meeting, but after that will not always be available. IE volunteers wanted. Ditto for flag marshals.

Matt W – DYNO DAY. Probably on 23 March at Bike-Craft on Hollingsworth St. Will be \$35-40 per dyno run. Sausage sizzle provided by Dave M. Starts about lunch time. IE dyno run – sausage – fiddle with bike – sausage – dyno run. Repeat until bike is perfect of sausages have run out.

Dave & Steve from Combined Insurance Services (Dave 0414682962) offered info on accident insurance to cover while at home/work/doing something stupid. They have even covered our most consistent crasher! From \$36 per month.

Meeting closes 8:34:17
